## Anesthesia & Surgery Options

### Laser or Electrocautery Surgery

The doctors at Sheep Draw have surgical technology beyond that of a scalpel. We constantly strive to provide the best possible care for your pet and these tools help us accomplish this by producing precise incisions and the sealing of blood vessels, lymphatics, and nerves, which in turn reduces bleeding, swelling, and pain. IF your estimate has presented this choice as an option, please inform us of your decision.

Please indicate your choice:

**I hereby:**    **accept** \_\_\_\_\_                      **decline** \_\_\_\_\_                      **advanced surgery, the additional cost of which will be** \_\_\_\_\_ **for the procedure(s) to be performed.**

### Microchips

Microchips save lives. We recommend implanting a microchip in case pets are lost or stolen. This is a permanent identification that your pet can never lose, alter, or damage. Animal shelters and veterinary clinics routinely scan all pets that they receive. The cost of a microchip is \$51.99.

### Vaccinations

Your pet will receive missing or overdue vaccinations in order to protect the well being of all patients. Ask the admitting personnel if you have questions about this policy.

**I agree that I am responsible for the cost of these vaccinations at the time of discharge, \_\_\_\_\_**

## Liability Disclaimer

I am the owner (or agent for the owner) of the pet listed above. I authorize and request Drs. Klingenberg, Buchholtz, Gabel, Early, and/or Dewing to hospitalize this pet for the purposes of surgery, diagnostics, treatment, or other procedures, as specified by this release. While I expect all procedures to be performed to the best of the staff's abilities, using state of the art equipment, I realize that the hospital makes no guarantees or warranty regarding the results. If my pet should injure itself, become ill, or die, I will not hold Sheep Draw Veterinary Hospital and its employees responsible. I am aware that Sheep Draw personnel are not available 24 hours and that the overnight care of critical cases may be entrusted to PETS emergency hospital or another overnight facility. I expect the hospital to use all reasonable precautions to ensure my pet's safety, and I agree to pay in full when the pet is discharged.
